

48-HOUR NOTICE

13221 Chrisman Rd
Houston, TX 77039
Ph: 281-732-2014

Harris County Fresh Water Supply District No. 61
Sanitary Sewer Phase 7 & 9 Rehabilitation
LAN Project No:120-12169-000-600

Dear Resident,

King Solution Services, Contractor for Harris County Fresh Water Supply District No. 61 will be conducting sewer rehabilitation in your neighborhood beginning in 48 hours and lasting approximately 1 week. Please be aware that multiple crews will be requesting access for line and manhole rehabilitation to the utility easement located within the property. Our normal working hours are 7:30 AM – 4:30 PM Monday through Friday.

During the process of this rehabilitation, it will be necessary for our crews to have access to the utility easements for the purpose of performing video survey of sewers, installing sewer liners, and excavating your sanitary sewer service for reconnection to the sewer main. **Please have all pets restrained or removed from the property and yard ornaments, furniture, landscape improvements, etc. removed from the sewer easement while the rehabilitation process is being conducted on your property.** At times it may be necessary for us to remove and replace sections of fence, bushes, and other landscaping to complete this work. All property will be restored to the original condition after our work is complete. King Solution Services will take video or still pictures of your property prior to any construction.

It is the goal of King Solution Services to complete this project with as little inconvenience as possible. Your cooperation will be gratefully appreciated. If for any reason a problem should occur, a King Solution Services representative may be contacted at 281-732-2014 on a 24 hour 7 days a week basis.

Sincerely,

Mario Jaimes
