as Required by Section 49.452, Texas Water Code, as Amended

FOR DISTRICTS LOCATED IN WHOLE OR IN PART IN THE EXTRATERRITORIAL JURISDICTION OF ONE OR MORE HOME-RULE MUNICIPALITIES AND NOT LOCATED WITHIN THE CORPORATE BOUNDARIES OF A MUNICIPALITY

The real property, described below, that you are about to purchase is located in the Harris County Fresh Water Supply District No. 61. The district has taxing authority separate from any other taxing authority and may, subject to voter approval, issue an unlimited amount of bonds and levy an unlimited rate of tax in payment of such bonds. As of this date, the rate of taxes levied by the district on real property located in the district is \$0.29 on each \$100 of assessed valuation. The total amount of bonds, excluding refunding bonds and any bonds or any portion of bonds issued that are payable solely from revenues received or expected to be received under a contract with a governmental entity, approved by the voters and which have been or may, at this date, be issued is \$105,545,000, and the aggregate initial principal amounts of all bonds issued for one or more of the specified facilities of the district and payable in whole or in part from property taxes is \$73,935,000.

The district is located in whole or in part in the extraterritorial jurisdiction of the City of Houston. By law, a district located in the extraterritorial jurisdiction of a municipality may be annexed without the consent of the district if the municipality complies with the procedures and requirements of Chapter 43, Texas Local Government Code, as amended. The law also provides that, except in very limited circumstances, a municipality may not annex land in its extraterritorial jurisdiction without the consent of the landowners and/or voters in the area proposed to be annexed. If all of the area in a district is annexed, the district is dissolved. If the district and a municipality are parties to a strategic partnership agreement specifying the procedures for full purpose annexation of all or a portion of the district, the terms of that agreement will apply concerning annexation.

The purpose of the District is to provide water, sewer, drainage and flood control facilities and services within the District through the issuance of bonds payable in whole or in part from property taxes. The cost of these utility facilities is not included in the purchase price of your property, and these utility facilities are owned or to be owned by the District. The legal description of the property which you are acquiring is set forth in the Exhibit which is attached hereto and by this reference made a part hereof.
