INDEPENDENT AUDITOR'S REPORT

Board of Directors Harris County Fresh Water Supply District No. 61 Harris County, Texas

Opinions

We have audited the accompanying financial statements of the governmental activities and each major fund of Harris County Fresh Water Supply District No. 61 (the "District") as of and for the year ended December 31, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District as of December 31, 2023, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Board of Directors Harris County Fresh Water Supply District No. 61

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- * Exercise professional judgment and maintain professional skepticism throughout the audit.
- * Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- * Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- * Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- * Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the Schedule of Revenues, Expenditures and Changes in Fund Balance - Budget and Actual - General Fund, the Schedule of Changes in Net Pension Asset and Related Ratios and the Schedule of District Contributions be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Board of Directors Harris County Fresh Water Supply District No. 61

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The supplementary information required by the Texas Commission on Environmental Quality as published in the *Water District Financial Management Guide* is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The supplementary information, excluding that portion marked "Unaudited" on which we express no opinion or provide an assurance, has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Management's discussion and analysis of Harris County Fresh Water Supply District No. 61's (the "District") financial performance provides an overview of the District's financial activities for the fiscal year ended December 31, 2023. Please read it in conjunction with the District's financial statements.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The basic financial statements include: (1) combined fund financial statements and government-wide financial statements and (2) notes to the financial statements. The combined fund financial statements and government-wide financial statements combine both: (1) the Statement of Net Position and Governmental Funds Balance Sheet and (2) the Statement of Activities and Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances. This report also includes required and other supplementary information in addition to the basic financial statements.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The District's annual report includes two financial statements combining the government-wide financial statements and the fund financial statements. The government-wide financial statements provide both long-term and short-term information about the District's overall status. Financial reporting at this level uses a perspective similar to that found in the private sector with its basis in full accrual accounting and elimination or reclassification of internal activities.

The Statement of Net Position includes all of the District's assets, liabilities and deferred inflows and outflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District as a whole is improving or deteriorating. Evaluation of the overall health of the District would extend to other non-financial factors.

The Statement of Activities reports how the District's net position changed during the current fiscal year. All current year revenues and expenses are included regardless of when cash is received or paid.

FUND FINANCIAL STATEMENTS

The combined statements also include fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District has three governmental fund types. The General Fund accounts for resources not accounted for in another fund, customer service revenues, costs and general expenditures. The Debt Service Fund accounts for ad valorem taxes and financial resources restricted, committed or assigned for servicing bond debt and the cost of assessing and collecting taxes. The Capital Projects Fund accounts for financial resources restricted, committed or assigned for construction of facilities and related costs.

FUND FINANCIAL STATEMENTS (Continued)

Governmental funds are reported in each of the financial statements. The focus in the fund statements provides a distinctive view of the District's governmental funds. These statements report short-term fiscal accountability focusing on the use of spendable resources and balances of spendable resources available at the end of the year. They are useful in evaluating annual financing requirements of the District and the commitment of spendable resources for the near-term.

Since the government-wide focus includes the long-term view, comparisons between these two perspectives may provide insight into the long-term impact of short-term financing decisions. The adjustments columns, the Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Position and the Reconciliation of the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances to the Statement of Activities explain the differences between the two presentations and assist in understanding the differences between these two perspectives.

NOTES TO THE FINANCIAL STATEMENTS

The accompanying notes to the financial statements provide information essential to a full understanding of the government-wide and fund financial statements.

OTHER INFORMATION

In addition to the financial statements and accompanying notes, this report also presents certain required supplementary information ("RSI"). The budgetary comparison schedule is included as RSI for the General Fund. In addition, the Schedule of Changes in Net Pension Asset and Related Ratios and the Schedule of District Contributions-Pensions are included as RSI.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position may serve over time as a useful indicator of the District's financial position. In the case of the District, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$40,858,151 as of December 31, 2023.

A portion of the District's net position reflects its net investment in capital assets (water and wastewater facilities less any debt used to acquire those assets that is still outstanding). The District uses these assets to provide water and wastewater services.

The following is a comparative analysis of government-wide changes in net position:

GOVERNMENT-WIDE FINANCIAL ANALYSIS (Continued)

	Summary of Changes in the Statement of Net Position						
			Change Positive

FINANCIAL ANALYSIS OF THE DISTRICT'S GOVERNMENTAL FUNDS

The District's combined fund balances as of December 31, 2023, were \$29,970,633, an increase of \$1,737,013 from the prior year.

The General Fund fund balance increased by \$1,496,655, primarily due to a contribution from the Texas Department of Transportation offsetting operating costs and capital outlay exceeding tax and service revenues.

The Debt Service Fund fund balance increased by \$750,826, primarily due to the structure of the District's outstanding debt.

The Capital Projects Fund fund balance decreased by \$510,468 due to the use of bond proceeds received in a prior fiscal year.

GENERAL FUND BUDGETARY HIGHLIGHTS

The Board of Directors did not amend the budget during the fiscal year. Actual revenues were \$9,456 less than budgeted revenues. Actual expenditures were \$202,606 more than budgeted expenditures. In addition, contributions from Texas Department of Transportation of \$1,701,645 for the utility relocation was recorded as other financing sources, but had not been budgeted. This resulted in a positive budget variance of \$1,489,583.

CAPITAL ASSETS

Capital assets as of December 31, 2023, total \$44,580,916 (net of accumulated depreciation) and include land, buildings, trucks and equipment as well as the water and wastewater systems. Significant capital asset activity includes the purchase of three Ford trucks, meter reading equipment, generator set, detention pond improvements and utility relocation. Additional information on the District's capital assets can be found in Note 6 of this report.

Total Net Capital Assets	\$	44,580,916	\$	44,575,431	\$	5,485

Capital Assets At Year-End, Net of Accumulated Depreciation

LONG-TERM DEBT ACTIVITY

At year-end, the District had bond debt payable of \$34,380,000. The changes in the debt position of the District during the fiscal year ended December 31, 2023, are summarized as follows:

Bond Debt Payable, January 1, 2023	\$ 36,830,000
Less: Bond Principal Paid	 2,450,000
Bond Debt Payable, December 31, 2023	\$ 34,380,000

The District's Series 2017, Series 2019 Refunding and Series 2020 bonds have an underlying rating of "A1" by Moody's. The Series 2019 Refunding and Series 2020 bonds carry an insured rating of "AA/A1" by virtue of bond insurance issued by Assured Guaranty Municipal. The Series 2017 bonds carry an insured rating of "AA" by virtue of bond insurance issued by Build America Mutual. The Series 2016 Refunding bonds are not rated. The above ratings reflect all changes through December 31, 2023.

CONTACTING THE DISTRICT'S MANAGEMENT

This financial report is designed to provide a general overview of the District's finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to Harris County Fresh Water Supply District No. 61, c/o Smith, Murdaugh, Little & Bonham, LLP, 2727 Allen Parkway, Suite 1100, Houston, Texas 77019.

Net Change in Fund Balances - Governmental Funds	\$ 1,737,013
Amounts reported for governmental activities in the Statement of Activities are different because:	
Governmental funds report tax revenues when collected. However, in the Statement of Activities, revenue is recorded in the accounting period for which the taxes are levied.	33,519
Governmental funds report penalty and interest revenue on property taxes when collected. However, in the Statement of Activities, revenue is recorded when penalties and interest are	24 (0)
assessed.	34,696
The changes in the net pension asset as well as deferred inflows and outflows of resources - pension are recorded as pension expense in the government-wide financial statements.	47,061
Governmental funds do not account for depreciation. However, in the Statement of Net Position, capital assets are depreciated and depreciation expense is recorded in the Statement of Activities.	(1,911,417)
Governmental funds report capital expenditures as expenditures in the period purchased. However, in the Statement of Net Position, capital assets are increased by new purchases and the Statement of Activities is not affected.	1,916,902
Governmental funds report bond principal payments as expenditures. However, in the Statement of Net Position, bond principal payments are reported as decreases in long-term liabilities.	2,450,000
Governmental funds report interest expenditures on long-term debt as expenditures in the year paid. However, in the Statement of Net Position, interest is accrued on the long-term debt through fiscal year-end.	8,167
Change in Net Position - Governmental Activities	\$ 4,315,941

NOTE 1. CREATION OF DISTRICT

Harris County Fresh Water Supply District No. 61 was created by an order of Commissioner's Court of Harris County, Texas, on May 22, 1967. The District was reorganized as a Municipal Utility District on July 23, 1975, in accordance with the Texas Water Code, Chapter 54. The Board of Directors held its first meeting on May 25, 1967, and the first bonds were sold on August 10, 1967. The District is subject to the continuing supervision of the Texas Commission on Environmental Quality (the "Commission"). The District is empowered, among other things, to purchase, construct, operate and maintain all works, improvements, facilities and plants necessary for the supply of water; the collection, transportation and treatment of wastewater; and the control and diversion of storm water. The District may provide garbage disposal and collection services. In addition, the District is empowered, if approved by the electorate, the Texas Water Commission and other governmental entities having jurisdiction; to establish, operate and maintain a fire department, either independently or jointly with certain other districts.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America as promulgated by the Governmental Accounting Standards Board ("GASB"). In addition, the accounting records of the District are maintained generally in accordance with the *Water District Financial Management Guide* published by the Commission.

The District is a political subdivision of the State of Texas governed by an elected board. GASB has established the criteria for determining whether or not an entity is a primary government or a component unit of a primary government. The primary criteria are that it has a separately elected governing body, it is legally separate, and it is fiscally independent of other state and local governments. Under these criteria, the District is considered a primary government and is not a component unit of any other government. Additionally, no other entities meet the criteria for inclusion in the District's financial statement as component units.

Financial Statement Presentation

These financial statements have been prepared in accordance with GASB Codification of Governmental Accounting and Financial Reporting Standards Part II, Financial Reporting ("GASB Codification").

The GASB Codification sets forth standards for external financial reporting for all state and local government entities, which include a requirement for a Statement of Net Position and a Statement of Activities. It requires the classification of net position into three components: Net

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial Statement Presentation (Continued)

Investment in Capital Assets; Restricted; and Unrestricted. These classifications are defined as follows:

- * Net Investment Capital Assets This component of net position consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets.
- * Restricted Net Position This component of net position consists of external constraints placed on the use of assets imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulation of other governments or constraints imposed by law through constitutional provisions or enabling legislation.
- * Unrestricted Net Position This component of net position consists of assets that do not meet the definition of Restricted or Net Investment in Capital Assets.

When both restricted and unrestricted resources are available for use, generally it is the District's policy to use restricted resources first.

Government-Wide Financial Statements

The Statement of Net Position and the Statement of Activities display information about the District as a whole. The District's Statement of Net Position and Statement of Activities are combined with the governmental fund financial statements. The District is viewed as a special-purpose government and has the option of combining these financial statements.

The Statement of Net Position is reported by adjusting the governmental fund types to report on the full accrual basis, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. Any amounts recorded due to and due from other funds are eliminated in the Statement of Net Position.

The Statement of Activities is reported by adjusting the governmental fund types to report only items related to current year revenues and expenditures. Items such as capital outlay are allocated over their estimated useful lives as depreciation expense. Internal activities between governmental funds, if any, are eliminated by adjustment to obtain net total revenue and expense of the government-wide Statement of Activities.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fund Financial Statements

As discussed above, the District's fund financial statements are combined with the governmentwide financial statements. The fund financial statements include a Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balances.

Governmental Funds

The District has three governmental funds and considers each to be a major fund.

<u>General Fund</u> – To account for resources not required to be accounted for in another fund, customer service revenues, costs and general expenditures.

<u>Debt Service Fund</u> – To account for ad valorem taxes and financial resources restricted, committed or assigned for servicing bond debt and the cost of assessing and collecting taxes.

<u>Capital Projects Fund</u> – To account for financial resources restricted, committed or assigned for acquisition or construction of facilities and related costs.

Basis of Accounting

The District uses the modified accrual basis of accounting for governmental fund types. The modified accrual basis of accounting recognizes revenues when both "measurable and available." Measurable means the amount can be determined. Available means collectible within the current period or soon enough thereafter to pay current liabilities. The District considers revenue reported in governmental funds to be available if they are collectible within 60 days after year end. Also, under the modified accrual basis of accounting, expenditures are recorded when the related fund liability is incurred, except for principal and interest on long-term debt, which are recognized as expenditures when payment is due.

Property taxes considered available by the District and included in revenue include 2022 taxes collected during the period October 1, 2022, to December 31, 2023. In addition, taxes collected from January 1, 2023, to December 31, 2023 for the 2021 and prior tax levies are included in revenue. The 2023 tax levy has been fully deferred.

Amounts transferred from one fund to another fund are reported as other financing sources or uses. Loans by one fund to another fund and amounts paid by one fund for another fund are reported as interfund receivables and payables in the Governmental Funds Balance Sheet if there is intent to repay the amount and if the debtor fund has the ability to repay the advance on a timely basis.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets, are reported in the government-wide Statement of Net Position. All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated assets are valued at their fair market value on the date donated. Repairs and maintenance are recorded as expenditures in the governmental fund incurred and as an expense in the government-wide Statement of Activities. Capital asset additions, improvements and preservation costs that extend the life of an asset are capitalized and depreciated over the estimated useful life of the asset. Engineering fees and certain other costs are capitalized as part of the asset.

Assets are capitalized, including infrastructure assets, if they have an original cost greater than \$5,000 and a useful life over two years. Depreciation is calculated on each class of depreciable property using the straight-line method of depreciation. Estimated useful lives are as follows:

	Years
Buildings	40
Water System	10-45
Wastewater System	10-45
Machinery and Equipment	5-20

Budgeting

An annual unappropriated budget is adopted for the General Fund by the District's Board of Directors. The budget is prepared using the same method of accounting as for financial reporting. The original General Fund budget for the current year was not amended. The Schedule of Revenues, Expenditures and Changes in Fund Balance – Budget and Actual – General Fund presents the original and revised budget amounts, if revised, compared to the actual amounts of revenues and expenditures for the current year.

Pensions

The District has 20 full-time employees and one part-time employee. The District has established a Section 457 Deferred Compensation arrangement for its employees. Each employee may elect to defer a portion of their salary. Effective January 1, 2018, the District entered into pension plan with the Texas County and District Retirement System (TCDRS). See Note 12. The District provides neither administrative services nor investment advice to the plans and, therefore, no fiduciary relationship exists between the District and these plans. The District has elected to pay Social Security for its employees. The Internal Revenue Service has determined that the directors are considered to be employees for federal payroll tax purposes only. Directors do not participate in the pension plan.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus

Measurement focus is a term used to describe which transactions are recognized within the various financial statements. In the government-wide Statement of Net Position and Statement of Activities, the governmental activities are presented using the economic resources measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position, financial position, and cash flows. All assets and liabilities associated with the activities are reported. Fund equity is classified as net position.

Governmental fund types are accounted for on a spending or financial flow measurement focus. Accordingly, only current assets and current liabilities are included on the Balance Sheet, and the reported fund balances provide an indication of available spendable or appropriable resources. Operating statements of governmental fund types report increases and decreases in available spendable resources. Fund balances in governmental funds are classified using the following hierarchy:

Nonspendable: amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

Restricted: amounts that can be spent only for specific purposes because of constitutional provisions, or enabling legislation, or because of constraints that are imposed externally.

Committed: amounts that can be spent only for purposes determined by a formal action of the Board of Directors. The Board is the highest level of decision-making authority for the District. This action must be made no later than the end of the fiscal year. Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by the Board. The District does not have any committed fund balances.

Assigned: amounts that do not meet the criteria to be classified as restricted or committed, but that are intended to be used for specific purposes. The District has not adopted a formal policy regarding the assignment of fund balances and does not have any assigned fund balances.

Unassigned: all other spendable amounts in the General Fund.

When expenditures are incurred for which restricted, committed, assigned or unassigned fund balances are available, the District considers amounts to have been spent first out of restricted funds, then committed funds, then assigned funds, and finally unassigned funds.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

NOTE 3. LONG-TERM DEBT (Continued)

The following is a summary of transactions regarding bonds payable for the year ended December 31, 2023:

		January 1, 2023	A	dditions	R	etirements	D	ecember 31, 2023
Bonds Payable Unamortized Discounts Unamortized Premiums	\$	36,830,000 (252,572) 166,975	\$		\$	2,450,000 (23,307) 21,759	\$	34,380,000 (229,265) 145,216
Bonds Payable, Net	<u>\$</u>	36,744,403	\$	-0-	\$	2,448,452	<u>\$</u>	34,295,951
			Amo	unt Due Witl unt Due Afte ls Payable, N	er One		\$ \$	2,530,000 31,765,951 34,295,951

As of December 31, 2023, the District had authorized but unissued bonds in the amount of \$1,610,000 for utility facilities and \$13,670,000 for refunding bonds. On May 6, 2017, the District's voters authorized the issuance of \$30,000,000 of unlimited tax or refunding bonds. The \$15,000,000 of unlimited tax or refunding bonds remain unissued at year-end.

As of December 31, 2023, the debt service requirements on the bonds outstanding were as follows:

Fiscal Year	 Principal	Interest		 Total
2024	\$ 2,530,000	\$	807,163	\$ 3,337,163
2025	2,605,000		742,932	3,347,932
2026	2,685,000		680,511	3,365,511
2027	2,760,000		624,250	3,384,250
2028	2,840,000		563,428	3,403,428
2029-2033	10,080,000		1,765,987	11,845,987
2034-2038	7,580,000		866,883	8,446,883
2039-2040	 3,300,000		111,825	 3,411,825
	\$ 34,380,000	\$	6,162,979	\$ 40,542,979

During the year ended December 31, 2023, the District levied an ad valorem debt service tax rate of \$0.26 per \$100 of assessed valuation, which resulted in a tax levy of \$4,054,082 on the adjusted taxable valuation of \$1,563,422,232 for the 2023 tax year. The bond orders require the District to levy and collect an ad valorem debt service tax sufficient to pay interest and principal on bonds when due and the cost of assessing and collecting taxes.

NOTE 3. LONG-TERM DEBT (Continued)

All property values and exempt status, if any, are determined by the appraisal district. Assessed values are determined as of January 1 of each year, at which time a tax lien attaches to the related property. Taxes are levied around October/November, are due upon receipt and are delinquent the following February 1. Penalty and interest attach thereafter.

NOTE 4. SIGNIFICANT BOND ORDER AND LEGAL REQUIREMENTS

The bond orders state that the District is required by the Securities and Exchange Commission to provide continuing disclosure of certain general financial information and operating data to each nationally recognized municipal securities information depository and the state information depository. This information, along with the audited annual financial statements, is to be provided within six months after the end of each fiscal year and shall continue to be provided through the life of the bonds.

The District has covenanted that it will take all necessary steps to comply with the requirement that rebatable arbitrage earnings on the investment of the gross proceeds of the Bonds, within the meaning of section 148(f) of the Internal Revenue Code, be rebated to the federal government. The minimum requirement for determination of the rebatable amount is on the five year anniversary of the date of delivery of each issue.

NOTE 5. DEPOSITS AND INVESTMENTS

Deposits

Custodial credit risk is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The District's deposit policy for custodial credit risk requires compliance with the provisions of Texas statutes.

Texas statutes require that any cash balance in any fund shall, to the extent not insured by the Federal Deposit Insurance Corporation or its successor, be continuously secured by a valid pledge to the District of securities eligible under the laws of Texas to secure the funds of the District, having an aggregate market value, including accrued interest, at all times equal to the uninsured cash balance in the fund to which such securities are pledged. At fiscal year end, the carrying amount of the District's deposits was \$2,240,969 and the bank balance was \$2,930,064. The District was not exposed to custodial credit risk at year-end.

NOTE 5. DEPOSITS AND INVESTMENTS (Continued)

Deposits (Continued)

The carrying values of the deposits are included in the Governmental Funds Balance Sheet and the Statement of Net Position at December 31, 2023, as listed below:

	 Cash
GENERAL FUND	\$ 247,955
DEBT SERVICE FUND	1,878,273
CAPITAL PROJECTS FUND	 114,741
TOTAL DEPOSITS	\$ 2,240,969

Investments

Under Texas law, the District is required to invest its funds under written investment policies that primarily emphasize safety of principal and liquidity and that address investment diversification, yield, maturity, and the quality and capability of investment management, and all District funds must be invested in accordance with the following investment objectives: understanding the suitability of the investment to the District's financial requirements, first; preservation and safety of principal, second; liquidity, third; marketability of the investment portfolio, fifth; and yield, sixth. The District's investments must be made "with judgment and care, under prevailing circumstances, that a person of prudence, discretion, and intelligence would exercise in the management of the person's own affairs, not for speculation, but for investment, considering the probable safety of capital and the probable income to be derived." No person may invest District funds without express written authority from the Board of Directors.

Texas statutes include specifications for and limitations applicable to the District and its authority to purchase investments as defined in the Public Funds Investment Act. The District has adopted a written investment policy to establish the guidelines by which it may invest. This policy is reviewed annually. The District's investment policy may be more restrictive than the Public Funds Investment Act.

The District invests in TexPool, an external investment pool that is not SEC-registered. The State Comptroller of Public Accounts of the State of Texas has oversight of the pool. Federated Hermes, Inc. manages the daily operations of the pool under a contract with the Comptroller. TexPool measures all of its portfolio assets at amortized cost. As a result, the District also measures its investment in TexPool at amortized cost for financial reporting purposes. There are no limitations or restrictions on withdrawals from TexPool.

NOTE 5. DEPOSITS AND INVESTMENTS (Continued)

Investments (Continued)

The District invests in the Texas Short Term Asset Reserve Program ("TexSTAR"), an external public funds investment pool that is not SEC-registered. J. P. Morgan Investment Management Inc. provides investment management and Hilltop Securities, Inc. provides participant services and marketing under an agreement with the Tex STAR Board of Directors. Custodia, fund accounting and depository services are provided by JPMorgan Chase Bank, N.A. and/or its subsidiary J. P. Morgan Investors Services Co. Investments held by TexSTAR are marked to market daily. The investments are considered to be Level 1 investments because their fair value is measured by quoted prices in active markets. The fair value of the District's position in the pool is the same as the value of the pool shares. There are no limitations or restrictions on withdrawals from TexSTAR.

As of December 31, 2023, the District had the following investments:

		Maturities in Years										
Fund and Investment Type	1	Fair Value]	Less Than		1-5		6-10	М	ore Than 10		
				1	1-5		1-5			0-10		10
<u>GENERAL FUND</u> TexSTAR	\$	9,084,517	\$	9,084,517	\$		\$		\$			
<u>DEBT SERVICE FUND</u> TexPool		4,035,229		4,035,229								
<u>CAPITAL PROJECTS FUND</u> TexPool		16,826,371		16,826,371								
TOTAL INVESTMENTS	\$	29,946,117	\$	29,946,117	\$	- 0 -	\$	- 0 -	\$	- 0 -		

Credit risk is the risk that the issuer or other counterparty to an investment will not fulfill its obligations. At December 31, 2023, the District's investments in TexPool and TexSTAR were rated AAAm by Standard and Poor's.

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The District considers the investments in TexPool and TexSTAR to have maturities of less than one year due to the fact the share position can usually be redeemed each day at the discretion of the District, unless there has been a significant change in value.

NOTE 5. DEPOSITS AND INVESTMENTS (Continued)

Restrictions

All cash and investments of the Debt Service Fund are restricted for the payment of debt service and the cost of assessing and collecting taxes. All cash and investments of the Capital Projects Fund are restricted for the payment of capital expenditures.

NOTE 7. REGIONAL WATER AUTHORITY FEES

The North Harris County Regional Water Authority was created by House Bill 2965, Acts of the 76th Legislature, Regular Session 1999, and was confirmed by an election held on January 15, 2000. The Authority is a political subdivision of the State of Texas, governed by an elected five member Board of Directors. The Authority is empowered to, among others powers, "acquire or develop surface water and groundwater supplies from sources inside of or outside of the boundaries of the authority and may conserve, store, transport, treat, purify, distribute, sell and deliver water to persons, corporations, municipal corporation, political subdivisions of the state, and others, inside of and outside of the boundaries of the authority is also empowered to "establish fees and charges as necessary to enable the authority to fulfill the authority's regulatory obligations." In accordance with this provision, the Authority establishes a well pumpage fee per 1,000 gallons of water pumped from each regulated well. The current rate is \$3.60 per 1,000 gallons of water pumped. During the current fiscal year, the District recorded well pumpage fees in the amount of \$3,216,651.

NOTE 8. RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the District carries commercial insurance. The District has not significantly reduced insurance coverage or had settlements which exceeded coverage amounts for the past three fiscal years.

NOTE 9. STRATEGIC PARTNERSHIP AGREEMENT WITH THE CITY OF HOUSTON

The District is party to a Strategic Partnership Agreement with the City of Houston (the "City") effective March 31, 2005 pursuant to which the City has annexed a portion of the District for limited purposes and has agreed for a 30-year period not to annex the District for full purposes without the District's consent. The City levies a \$.01 sales tax on sales to consumers within the Limited Annexation area, and the District receives one half of the proceeds of the City's tax. The agreement ends on March 31, 2035, after which the City may (1) renew the agreement, (2) allow the agreement to expire and not annex the District, or (3) may annex the District under Texas Law. The District is not aware of any plans for the City to annex the District on or after March 31, 2035. During the current fiscal year, the District recorded \$1,253,307 in sales tax revenues.

NOTE 10. CONTRACTS WITH OTHER ENTITIES

Sewage Treatment

The District is providing sewage treatment service to Harris County Municipal Utility District No. 69 (District No. 69). This contract is effective for 40 years commencing July 11, 1973. The rate charged to District No. 69 is \$0.50 less than the current rate charged to District customers. This contract was amended May 12, 2004 and states that this agreement will remain in force until December 31, 2053. District No. 69 agreed to pay the District the total amount of \$495,402 in two payments. The first payment of \$247,701 was received in May 2004 and the second payment of \$247,701 was paid July 1, 2005. During the year ended December 31, 2023, the District received revenues of \$272,442 for sewage treatment.

Harris County Municipal Utility District No. 248 (District No. 248) has purchased wastewater treatment plant capacity in the District's regional wastewater plant in the total amount of 256,250 gallons per day. Per the April 20, 2000 agreement, District No. 248 agrees to pay a monthly usage charge in the amount of ninety percent of the current in-district wastewater fee to the District. On June 10, 2020, the District entered into a Wastewater Treatment Agreement with District No. 248 to clarify the wastewater treatment agreement between the districts and for District No. 248 to purchase an additional 110 ESFC in the amount of \$2,500 per ESFC, for a total of \$275,000. During the year ended December 31, 2023, the District received revenues of \$407,464.

In addition, Harris County Municipal Utility District No. 222 (District No. 222) has purchased wastewater treatment capacity in the District's regional wastewater plant in the total amount of 800,000 gallons per day. District No. 222 pays a monthly usage charge to the District. During the year ended December 31, 2023, the District received revenues of \$225,843.

Water Supply Contracts

On August 30, 2000, the District entered into a long term water supply contract with Harris County Municipal Utility District No. 248 (District No. 248). The contract allows District No. 248 to purchase 400 equivalent single family connections of water supply (ESFC's), resulting in a permanent water supply of an amount not to exceed 140,000 gallons per day, at a cost of \$500,000. The purchase of these connections has been completed. The District will furnish water supply to District No. 248 from existing surplus supply, and no construction of additional facilities is anticipated for these connections. The District has agreed to allow District No. 248, at its option, to purchase in no less than 100 ESFC increments, additional existing capacity in excess of 400 ESFC's, up to a maximum of 800 ESFC's. District No. 248 will pay the sum of \$1,250.00 per ESFC for additional capacity, in no less than 100 ESFC increments. District No. 248 agrees to give the District six months (180 days) advance notice of any additional capacity purchase, to allow for construction in the event any additional facilities are needed to supply the new connections. The purchase of any and/or all of these additional ESFC's must be made no later than June 15, 2005. The contract has been amended on June 13, 2001, March 12, 2003,

NOTE 10. CONTRACTS WITH OTHER ENTITIES (Continued)

Water Supply Contracts (Continued)

December 8, 2004, February 28, 2007, April 30, 2008, and February 19, 2014. District No. 248 currently owns 2,500 connections for a total of 788,000 gallons of capacity. On April 30, 2008, the Districts amended the agreement to include a "Rehabilitation Fee" to be paid to the District for future rehabilitation of the water production and distribution facilities. The fee is based upon a monthly calculation. On February 12, 2020, the District entered into a Water Supply Agreement with District No. 248 to clarify the water supply agreement between the districts and for District No. 248 to purchase an additional 116 ESFC in the amount of \$2,500 per ESFC, for a total of \$290,000. The term of this contract is 40 years from the effective date. During the year ended December 31, 2023, the District received revenues of \$124,456.

On August 13, 2003, the District entered into a Water Service Agreement with Emerald Forest Utility District (Emerald Forest) to provide 35,000 gallons per day. Emerald Forest will pay a capital payment of \$75,000. The District will monitor the usage for a two year period and if the usage ever exceeds 35,000 gallons per day, the agreement requires Emerald Forest to purchase an additional 5,000 gallons per day at an additional \$11,000 capital payment. Emerald Forest is responsible for payment of surface water fees to the North Harris County Regional Water Authority.

Emergency Interconnect and Interim Water Supply Agreement

On May 18, 2022, the District approved an Emergency Interconnect and Interim Water Supply Agreement with Timberlake Improvement District. Under the terms of the agreement, the price to be paid for water delivered shall be at the rate of \$1.50 per one thousand (1,000) gallons of actual usage, as determined by the meter at the Interconnect Facilities, during the Emergency or Temporary Period plus any additional fees incurred by the supplying District that are imposed by the North Harris County Regional Water Authority. The term of the agreement is for a period of 15 years from the date of execution, unless pursuant to mutual written consent of the districts.

NOTE 11. INTERFUND RECEIVABLES AND LIABILITIES

As of December 31, 2023, the District had the following interfund liabilities: the General Fund owed the Capital Projects Fund \$3,006,760 for the remaining funds transferred to the Capital Projects Fund to fund the construction of the North Eldridge Parkway Expansion and costs related to the Wortham Falls detention improvement. The Capital Projects Fund owed the General Fund \$507,350 pending the Magellan Pipeline Company litigation. The Debt Service Fund owed the General Fund \$5,500 for tax assessor and collections fees paid. The Debt Service Fund owed the Capital Projects Fund \$1,500 for costs related to the Series 2019 Refunding bond sale.

NOTE 12. PENSION PLAN

Plan Description

The District provides retirement, disability, and death benefits for all of its full-time employees through a non-traditional defined benefit pension plan in the statewide Texas County and District Retirement System (TCDRS). The Board of Trustees of TCDRS is responsible for the administration of the statewide agent multiple-employer public employee retirement system consisting of more than 830 non-traditional defined benefit pension plans. TCDRS in the aggregate issues a comprehensive annual financial report (CAFR) on a calendar year basis. The CAFR is available at www.tcdrs.org.

Benefits Provided

The plan provisions are adopted by the District, within the options available in the Texas state statutes governing TCDRS (TCDRS Act). Members can retire at ages 60 and above with 8 or more years of service, with 20 years of service regardless of age, or when the sum of their age and years of service equals 75 or more. Members are vested after 8 years of service but must leave their accumulated contributions in the plan to receive any employer-financed benefit. Members who withdraw their personal contributions in a lump sum are not entitled to any amounts contributed by the District.

Benefit amounts are determined by the sum of the employee's deposits to the plan, with interest, and employer-financed monetary credits. The level of these monetary credits is adopted by the District within the actuarial constraints imposed by the TCDRS Act so that the resulting benefits can be expected to be adequately financed by the employer's commitment to contribute. At retirement, death, or disability, the benefit is calculated by converting the sum of the employee's accumulated deposits and the employer-financed monetary credits to a monthly annuity using annuity purchase rates prescribed by the TCDRS Act.

At December 31, 2022, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	0
Inactive employees entitled but not yet receiving benefits	3
Active employees	19

NOTE 12. PENSION PLAN (Continued)

Contributions

The plan is funded by monthly contributions from both employee members and the employer based on the covered payroll of employee members. Under the TCDRS Act, the contribution rate of the employer is actuarially determined annually. The employer contributed using the actuarially determined rate of 8.59% for the months of the 2023 accounting. The deposit rate payable by the employee members for calendar years 2023 is 6.00% as adopted by the governing body of the District. The employee deposit rate and the employer contribution rate may be changed by the governing body of the District within the options available in the TCDRS Act.

For the District's accounting year ended December 31, 2023, the annual pension cost for the TCDRS plan for its employees was \$139,441; the actual contributions were \$139,441. The employees contributed \$97,397 to the plan for the 2023 fiscal year.

Actuarial Assumptions

The total pension liability in the December 31, 2022, actuarial valuation was determined using the following actuarial assumption:

Actuarial valuation date	12/31/22				
Actuarial cost method	Entry Age				
Amortization method	Level percentage of payroll, closed				
Remaining Amortization period	18.4 years				
Asset Valuation Method	5-year smoothed market				
Actuarial Assumptions:					
Investment return ¹	7.50%				
Projected salary increases ¹	4.70%				
Inflation	2.50%				
Cost-of-living adjustments	0.00%				

¹ Includes inflation at the stated rate

NOTE 12. PENSION PLAN (Continued)

Actuarial Assumptions (Continued)

The demographic assumptions were developed from an actuarial experience investigation of TCDRS over the years 2017-2020. They were recommended by Milliman and adopted by the TCDRS Board of Trustees in December of 2021. All economic assumptions were recommended by Milliman and adopted by the TCDRS Board of Trustees in March of 2021. These assumptions, except where required to be different by GASB 68, are used to determine the total pension liability as of December 31, 2022. The assumptions are reviewed annually for continued compliance with the relevant actuarial standards of practice.

Mortality rates were based on the following:

Depositing members – 135% of Pub-2010 General Employees Amount-Weighted Mortality Table for males and 120% Pub-2010 General Employees Amount-Weighted Mortality Table for females, both projected with 100% of the MP-2021 Ultimate scale after 2010.

Service retirees, beneficiaries and non-depositing members – 135% of Pub-2010 General Retirees Amount-Weighted Mortality Table for males and 120% Pub-2010 General Retirees Amount-Weighted Mortality Table for females, both projected with 100% of the MP-2021 Ultimate scale after 2010.

Disabled retirees – 160% of Pub-2010 General Disables Retirees Amount-Weighted Mortality Table for males and 125% Pub-2010 General Disabled Retirees Amount-Weighted Mortality Table for females, both projected with 100% of the MP-2021 Ultimate scale after 2010.

NOTE 12. PENSION PLAN (Continued)

Discount Rate

The discount rate used to measure the total pension asset was 7.6%. The discount rate used in the previous year was 7.6%.

In order to determine the discount rate to be used, the actuary used an alternative method to determine the sufficiency of the fiduciary net position in all future years. This alternative method reflects the funding requirements under the funding policy and the legal requirements under the TCDRS Act:

- 1) TCDRS has a funding policy where the Unfunded Actuarial Accrued Liability (UAAL) shall be amortized as a level percent of pay over 20-year closed layered periods.
- 2) Under the TCDRS Act, the employer is legally required to make the contribution specified in the funding policy.
- 3) The employer's assets are projected to exceed its accrued liabilities in 20 years or less. When this point is reached, the employer is still required to contribute at least the normal cost.
- 4) Any increased cost due to the adoption of a cost-of-living adjustment is required to be funded over a period of 15 years, if applicable.

Based on the above, the projected fiduciary net position is determined to be sufficient compared to projected benefit payments. Based on the expected level of cash flows and investment returns to the system, the fiduciary net position as a percentage of total pension liability is projected to increase from its current level in future years.

Since the projected fiduciary net position is projected to be sufficient to pay projected benefit payments in all future years, the discount rate for purposes of calculating the total pension liability and net pension liability is equal to the long-term assumed rate of return on investments. This long-term assumed rate of return should be net of investment expenses, but gross of administrative expenses. Therefore, the actuary has used a discount rate of 7.60%. This rate reflects the long-term assumed rate of return on assets for funding purposes of 7.50%, net of all expenses, increased by 0.10% to be gross of administrative expenses.

The long-term expected rate of return on TCDRS assets is determined by adding expected inflation to expected long-term real returns and reflecting expected volatility and correlation. The capital market assumptions and information shown below are provided by TCDRS' investment consultant, Cliffwater LLC. The numbers shown are based on January 2023 information for a 10 year time horizon.

NOTE 12. PENSION PLAN (Continued)

Note that the valuation assumption for long-term expected return is re-assessed at a minimum of every four years and is based on a long-term time horizon. The TCDRS Board of Trustees adopted the current assumption at their March 2021 meeting. The assumption for the long-term expected return is reviewed annually for continued compliance with the relevant actuarial standards of practice. Milliman relies on the expertise of Cliffwater in this assessment.

Asset Class	Target Allocation	Geometric Real Rate of Return (Expected minus Inflation)
US Equities	11.50%	4.95%

Other				31,916		(31,916)	
Balances of December 31, 2022	\$	1,183,310	\$	1,097,781	\$	85,529	

Sensitivity Analysis - The following presents the net pension liability/(asset) of the District, calculated using the discount rate of 7.60%, as well as what the District net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (6.60%) or 1 percentage point higher (8.60%) than the current rate.

		1%		Current	1%		
	Decrease		Discount Rate			Increase	
		6.60%		7.60%	8.60%		
Total Pension Liability Fiduciary Net Position Net Pension Liability/(Asset)	\$ 	\$ 1,360,652 <u>1,097,781</u> \$ 262,871		1,183,310 1,097,781 85,529	\$ \$	1,035,366 1,097,781 (62,415)	

NOTE 12. PENSION PLAN (Continued)

As of December 31, 2023, the deferred inflows and outflows of resources are as follows:

	 red Inflows esources	Deferred Outflows of resources		
Differences between expected and actual experience Changes of assumptions Net difference between projected and actual earnings Contributions paid to TCDRS subsequent to the measurement date	\$ 5,966	\$	48,046 27,255 60,996 139,441	
Total	\$ 5,966	\$	275,738	

\$139,441 reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability for the measurement year ending December 31, 2023 (i.e. to be recognized in the District's financial statements dated December 31, 2024). Other amounts reported as deferred outflows and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended December 31:	
2023	\$ 20,991
2024	22,292
2025	22,571
2026	42,116
2027	11,610
Thereafter	10,751

NOTE 13. STANDARD UTILITY AGREEMENT

Effective September 7, 2021, the District entered into a utility agreement with the State of Texas, acting by and through the Texas Transportation Commission (the "State"). The State deemed it necessary to make certain highway improvements which required the removal and/or relocation of certain facilities. The State agrees to reimburse the District seventy-five percent of construction and engineering costs and one-hundred percent of legal, appraisal and related acquisition costs. During the current fiscal year, the District has recorded revenue in the amount of \$1,701,645 in relation to this agreement.

HARRIS COUNTY FRESH WATER SUPPLY DISTRICT NO. 61 NOTES TO REQUIRED SUPPLEMENTARY INFORMATION FOR THE YEAR ENDED DECEMBER 31, 2023

NOTE 1. NET PENSION LIABILITY - TEXAS COUNTY & DISTRICT RETIREMENT SYSTEM

Assumptions

The following methods and assumptions were used to determine contribution rates:

Valuation Date	Actuarially determined contribution rates are calculated as of December 31, two years prior to the end of the fiscal year in which the contributions are reported.
Actuarial Cost Method	Entry Age
Amortization method	Level percentage of payroll, closed
Remaining amortization period	18.4 years (based on contribution rate calculated in 12/31/22 valuation)
Asset Valuation Method	5-year, smoothed market
Inflation	2.50%
Salary Increases	Varies by age and service. 4.7%, average over career including inflation
Investment Rate of Return	7.50%, net of investment expenses, including inflation
Retirement Age	Members who are eligible for service retirement are assumed to commence receiving benefit payments based on age. The average age at service retirement for recent retirees is 61.
Mortality	135% of the Pub-2010 General Retirees Table for males and 120% of the Pub-2010 General Retirees Table for females, projected with 100% of the MP-2021 Ultimate scale after 2010.
Changes in Assumptions and Methods Reflected in the Schedule of Employer Contributions*	2015: New inflation, mortality and other assumptions were reflected.2017: New mortality assumptions were reflected.2019: New inflation, mortality and other assumptions were reflected.2022:New investment return and inflation assumptions were reflected.
Changes in Plan Provisions reflected in Schedule*	2015: No changes in plan previsions were reflected in the Schedule. 2016: No changes in plan provisions were reflected in the Schedule. 2017: No changes in plan provisions were reflected in the Schedule. 2018: No changes in plan provisions were reflected in the Schedule. 2019: No changes in plan provisions were reflected in the Schedule. 2020: No changes in plan provisions were reflected in the Schedule. 2021: No changes in plan provisions were reflected in the Schedule. 2021: No changes in plan provisions were reflected in the Schedule. 2022: No changes in plan provisions were reflected in the Schedule.

*Only changes that affect the benefit amount and that are effective 2015 and later are shown in Notes to Schedule
