

Harris County Municipal Utility District No. 248

Information Required by Section 26.18, Texas Tax Code and  
Section 2051.202, Texas Government Code

Date: January 2, 2026

(1) Name and term of office of each member of the governing body:

<u>Name:</u>	<u>Term of office:</u>
A. Richard Wilson	5/4/2024 – 5/6/2028
Marie Godard	5/4/2024 – 5/6/2028
Deddrick T. Wilmer	5/7/2022 – 5/2/2026
Ronda Shepherd	5/4/2024 – 5/6/2028
Richard C. Ford	5/7/2022 – 5/2/2026

(2) Mailing address, physical address, e-mail address, and telephone number:

2727 Allen Parkway, Suite 1100  
Houston, Texas 77019  
713-652-6500  
[91248@smithmur.com](mailto:91248@smithmur.com)

(3) a. Official contact information for each member of the governing body:

Same as Item (2) above.

b. Name of General Manager or Executive Director:

None

c. Name, mailing address and telephone number of person representing District's utility operator:

Jerry Homan  
Harris County Fresh Water Supply District No. 61  
P.O. Box 325  
Cypress, TX 77429  
281/469-9405

d. Name, mailing address and telephone number of person representing District's tax assessor-collector:

Pat Hall  
Equi-Tax, Inc.  
P.O. Box 73109  
Houston, TX 77273  
281/444-4866

(4) District's budget for the preceding two years:

The budgets for the fiscal years ended in 2024 and 2025 are attached.

(5) Proposed or adopted budget for the current year:

The budget for the fiscal year ending in 2026 is attached.

(6) Change in amount of District budget from the preceding year to current year, by dollar amount and percentage:

<u>2025 Budget Revenues</u>	<u>2026 Budget Revenues</u>	<u>Change in Amount</u>	<u>Percentage Change</u>
\$3,568,251	\$3,722,060	\$153,809	4.3105%

(7) Amount of property tax revenue budgeted for maintenance and operations for the preceding two years and the current year:

See attached budgets.

(8) Amount of property tax revenue budgeted for debt service for the preceding two years and the current year:

The District does not budget for debt service.

(9) Tax rate for maintenance and operations adopted by the taxing unit for the current year and preceding two years:

2026: Not adopted as of the date of this report.

2025: \$0.18

2024: \$0.185

(10) The tax rate for debt service adopted by the taxing unit for the current year and preceding 2 years:

2026: Not adopted as of the date of this report.

2025: \$0.20 + \$0.33 for the Defined Area

2024: \$0.20 + \$0.36 for the Defined Area

(11) This information required by Section 26.18 is applicable only to school districts.

(12) Tax rate for maintenance and operations proposed by the taxing unit for the current year:

As of the date of the report, no proposed tax rate has been established for the current year.

(13) Tax rate for debt service proposed by the taxing unit for the current year:

As of the date of the report, no proposed tax rate has been established for the current year.

(14) This information required by Section 26.18 is applicable only to school districts.

(15) The most recent financial audit of the District.

The audit for the fiscal year ended March 31, 2025 is attached.

(16) Rate of District's ad valorem tax, if any:

The District's ad valorem tax rate for 2025 is \$0.38 + \$0.33 for the Defined Area per \$100 assessed valuation.

(17) Rate of District's sales and use tax, if any:

None.

(18) Notice of tax rate hearing required under Chapter 26, Tax Code or Section 49.236, Water Code:

The notice of tax rate hearing is posted on this website as available.

(19) District's meeting schedule and location:

Monthly on 2<sup>nd</sup> Wednesday at 11:30 a.m. at 13205 Cypress North Houston Road, Cypress, Texas

(20) Residents of the District have the right to request the designation of a meeting location within the District under Section 49.062(g), Water Code.

A description of this process can be found at:

<https://www.tceq.texas.gov/downloads/water-districts/forms/form-20863.pdf>

(21) Meeting notices and approved minutes:

Each notice of a meeting and approved minutes for meetings conducted in the current calendar year and the immediately preceding calendar year are posted on this website.

## Independent Auditor's Report

Board of Directors  
Harris County Municipal Utility District No. 248  
Harris County, Texas

### ***Opinions***

We have audited the financial statements of the governmental activities and each major fund of Harris County Municipal Utility District No. 248 (the District), as of and for the year ended March 31, 2025, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District, as of March 31, 2025, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### ***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance, but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from

error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison schedule, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The accompanying schedules required by the Texas Commission on Environmental Quality listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

### ***Overview of the Financial Statements***

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements and 3) notes to financial statements. This report also contains supplementary information required by the Governmental Accounting Standards Board and by the District's state oversight agency, the Texas Commission on Environmental Quality (the Commission).

In accordance with required reporting standards, the District reports its financial activities as a special-purpose government. Special-purpose governments are governmental entities which engage in a single governmental program, such as the provision of water, sanitary sewer and drainage services. Other activities, such as the provision of recreation facilities and solid waste collection, are minor activities and are not budgeted or accounted for as separate programs. The financial statements of special-purpose governments combine two types of financial statements into one statement. These two types of financial statements are the government-wide financial statements and the fund financial statements. The fund financial statements are presented on the left side of the statements, a column for adjustments is to the right of the fund financial statements and the government-wide financial statements are presented to the right side of the adjustments column. The following sections describe the measurement focus of the two types of statements and the significant differences in the information they provide.

### ***Government-Wide Financial Statements***

The focus of government-wide financial statements is on the overall financial position and activities of the District. The District's government-wide financial statements include the statement of net position and statement of activities, which are prepared using accounting principles that are similar to commercial enterprises. The purpose of the statement of net position is to attempt to report all of the assets, liabilities, and deferred inflows and outflows of resources of the District. The District reports all of its assets when it acquires or begins to maintain the assets and reports all of its liabilities when they are incurred.

The difference between the District's assets, liabilities, and deferred inflows and outflows of resources is labeled as net position and this difference is similar to the total stockholders' equity presented by a commercial enterprise.

The purpose of the statement of activities is to present the revenues and expenses of the District. Again, the items presented on the statement of activities are measured in a manner similar to the approach used by a commercial enterprise in that revenues are recognized when earned or established criteria are satisfied and expenses are reported when incurred by the District. All changes in net position are reported when the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues are reported even when they may not be collected for several months or years after the end of the accounting period and expenses are recorded even though they may not have used cash during the current year.

Although the statement of activities looks different from a commercial enterprise's statement of income, the financial statement is different only in format, not substance. Whereas the bottom line in a commercial enterprise is its net income, the District reports an amount described as change in net position, essentially the same thing.

### ***Fund Financial Statements***

Unlike government-wide financial statements, the focus of fund financial statements is directed to specific activities of the District rather than the District as a whole. Except for the general fund, a specific fund is established to satisfy managerial control over resources or to satisfy finance-related legal requirements established by external parties or governmental statutes or regulations.

### ***Governmental Funds***

Governmental-fund financial statements consist of a balance sheet and a statement of revenues, expenditures and changes in fund balances and are prepared on an accounting basis that is significantly different from that used to prepare the government-wide financial statements.

In general, these financial statements have a short-term emphasis and, for the most part, measure and account for cash and other assets that can easily be converted into cash. For example, amounts reported on the balance sheet include items such as cash and receivables collectible within a very short period of time, but do not include capital assets such as land and water, sewer and drainage systems. Fund liabilities include amounts that are to be paid within a very short period after the end of the fiscal year. The difference between a fund's assets, liabilities, and deferred inflows and outflows of resources is labeled the fund balance and generally indicates the amount that can be used to finance the next fiscal year's activities. Likewise, the operating statement for governmental funds reports only those revenues and expenditures that were collected in cash or paid with cash, respectively, during the current period or very shortly after the end of the fiscal year.

Because the focus of the government-wide and fund financial statements is different, there are significant differences between the totals presented in these financial statements. For this reason, there is an analysis in the notes to financial statements that describes the adjustments to fund balances to arrive at net position presented in the governmental activities column on the statement of net position. Also, there is an analysis in the notes to financial statements that reconciles the total change in fund balances for all governmental funds to the change in net position, as reported in the governmental activities column in the statement of activities.

### ***Notes to Financial Statements***

The notes to financial statements provide additional information that is essential to a full understanding of the data found in the government-wide and fund financial statements.

### ***Financial Analysis of the District as a Whole***

The District's overall financial position and activities for the past two years are summarized as follows, based on the information included in the government-wide financial statements:

#### **Summary of Net Position**

	<b>2025</b>	<b>2024</b>
Current and other assets	\$ 12,742,896	\$ 12,121,213
Capital assets	<u>15,157,581</u>	<u>14,792,266</u>
 Total assets	 27,900,477	 26,913,479
 Deferred outflows of resources	 372,064	 434,395
 Total assets and deferred outflows of resources	 <u>\$ 28,272,541</u>	 <u>\$ 27,347,874</u>
 Long-term liabilities	 \$ 20,957,437	 \$ 22,350,024
Other liabilities	483,274	450,776
 Total liabilities	 21,440,711	 22,800,800

**Harris County Municipal Utility District No. 248**  
**Management's Discussion and Analysis**  
**March 31, 2025**

**(Continued)**

**Summary of Net Position (Continued)**

	<b>2025</b>	<b>2024</b>
Net position:		
Net investment in capital assets	\$ 2,085,093	\$ 668,721
Restricted	5,187,756	5,012,076
Unrestricted	<u>(441,019)</u>	<u>(1,133,723)</u>
Total net position	<u><u>\$ 6,831,830</u></u>	<u><u>\$ 4,547,074</u></u>

The total net position of the District increased by \$2,284,756, or about 50%. The majority of the increase in net position is related to property taxes revenues intended to pay principal on the District's bonded indebtedness, which is shown as long-term liabilities in the government-wide financial statements. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

**Summary of Changes in Net Position**

	<b>2025</b>	<b>2024</b>
Revenues:		
Property taxes	\$ 3,452,740	\$ 3,168,021
City of Houston rebates	419,428	453,590
Charges for services	1,322,197	1,485,982
Other revenues	<u>536,133</u>	<u>748,525</u>
Total revenues	<u><u>5,730,498</u></u>	<u><u>5,856,118</u></u>
Expenses:		
Services	2,191,601	2,395,075
Conveyance of capital assets	-	5,002,597
Depreciation	344,062	308,130
Debt service	<u>910,079</u>	<u>1,035,882</u>
Total expenses	<u><u>3,445,742</u></u>	<u><u>8,741,684</u></u>
Change in net position	2,284,756	(2,885,566)
Net position, beginning of year	<u>4,547,074</u>	<u>7,432,640</u>
Net position, end of year	<u><u>\$ 6,831,830</u></u>	<u><u>\$ 4,547,074</u></u>

***Financial Analysis of the District's Funds***

The District's combined fund balances as of the end of the fiscal year ended March 31, 2025, were \$12,099,248, an increase of \$591,325 from the prior year.

The general fund's fund balance increased by \$652,881, primarily due to property taxes, City of Houston rebates and services revenues and investment income being greater than service operations and capital outlay expenditures.

The debt service fund's fund balance decreased by \$93,692 because bond principal and interest requirements and contracted services expenditures were greater than property tax and Defined Area property tax revenues, and investment income.

The capital projects fund's fund balance increased by \$32,136, due to investment income and an interfund transfer from the general fund exceeding other expenditures.

### ***General Fund Budgetary Highlights***

There were several differences between the final budgetary amounts and actual amounts. The major differences between budget and actual were due to investment income being greater than anticipated, as well as property taxes and regional water fee revenues, tap connection and inspection fees revenues, and regional water authority and professional fees expenditures being less than anticipated. In addition, capital outlay expenditures incurred were not budgeted. The fund balance as of March 31, 2025, was expected to be \$7,181,142 and the actual end-of-year fund balance was \$6,590,351.

### ***Capital Assets and Related Debt***

#### ***Capital Assets***

Capital assets held by the District at the end of the current and previous fiscal years are summarized below:

#### **Capital Assets (Net of Accumulated Depreciation)**

	<b>2025</b>	<b>2024</b>
Land and land improvements	\$ 7,053,931	\$ 7,053,931
Construction in progress	109,153	-
Water facilities	3,355,989	3,485,411
Wastewater facilities	4,018,957	3,838,456
Drainage facilities	230,987	-
Park and recreational facilities	388,564	414,468
 Total capital assets	 \$ 15,157,581	 \$ 14,792,266

During the current year, additions to capital assets were as follows:

Construction in progress related to the White Oak Falls and Huffmeister lift station rehabilitation and triangle tract waterline, sanitary sewer, force main and lift station	\$ 109,153
Sanitary sewer rehabilitation, Phase 11	313,693
Weiser lift station pump replacement	8,978
Replace phase monitor at Huffmeister lift station	34,409
White Oak Falls pond outfall pipe and storm drainage replacement	243,144
 Total additions to capital assets	 \$ 709,377

**Debt**

The changes in the debt position of the District during the fiscal year ended March 31, 2025, are summarized as follows:

Long-term debt payable, beginning of year	\$ 22,350,024
Decreases in long-term debt	<u>(1,392,587)</u>
Long-term debt payable, end of year	<u>\$ 20,957,437</u>

At March 31, 2025, the District had \$15,990,000 of unlimited tax bonds authorized, but unissued, for the purposes of acquiring, constructing and improving the water, sanitary sewer and drainage systems within the District. In addition, the District had \$5,830,000 of unlimited tax bonds authorized, but unissued, for the purposes of acquiring, constructing and improving roads and improvements, including storm drainage in aid of those roads, to serve the Defined Area.

The District's bonds carry an "A-" underlying rating. The Series 2015 bonds carry a "AA" rating from Standard & Poor's by virtue of bond insurance issued by Assured Guaranty, Inc. The Series 2022 bonds carry a "AA" rating from Standard & Poor's by virtue of bond insurance issued by Build America Mutual Assurance Company.

**Other Relevant Factors**

***Relationship to the City of Houston***

Under existing Texas law, since the District lies wholly within the extraterritorial jurisdiction of the City of Houston (the City), the District must conform to the City ordinance consenting to the creation of the District. In addition, the District may be annexed by the City for full purposes without the District's consent, except as set forth below.

***Strategic Partnership Agreement***

Effective June 18, 2004, and amended December 13, 2010, the District and the City entered into a Strategic Partnership Agreement (the Agreement) under which the City annexed a tract of land (the tract) within the boundaries of the District for limited purposes. The District continues to exercise all powers and functions of a municipal utility district as provided by law. As consideration for the District providing services as detailed in the Agreement, the City agrees to remit one-half of all sales and use tax revenues generated within the boundaries of the tract. As consideration for the sales tax payments and the services provided by the City, the District agrees to continue to provide and develop water, sewer and drainage services within the District in lieu of full-purpose annexation. The City agrees it will not annex the District for full purposes or commence any action to annex the District during the term of the Agreement, which is 30 years.

---

### **Note 1. Nature of Operations and Summary of Significant Accounting Policies**

Harris County Municipal Utility District No. 248 (the District) was created by an order of the Texas Water Commission, now known as the Texas Commission on Environmental Quality (the Commission), effective May 2, 1984, in accordance with the Texas Water Code, Chapter 54. The District operates in accordance with Chapters 49 and 54 of the Texas Water Code and is subject to the continuing supervision of the Commission. The principal functions of the District are to finance, construct, own and operate waterworks, wastewater and drainage facilities and to provide such facilities and services to the customers of the District. In November 2020, pursuant to Senate Bill 2521 adopted in the 86th Regular Legislative Session of the Texas Legislature (2019), the District defined an area (the Defined Area) over an approximate 131.92-acres and designated property to pay for improvements, facilities, or services that primarily benefit the Defined Area or property within the Defined Area, including road facilities.

The District is governed by a Board of Directors (the Board) consisting of five individuals who are residents or owners of property within the District and are elected by voters within the District. The Board sets the policies of the District. The accounting and reporting policies of the District conform to accounting principles generally accepted in the United States of America for state and local governments, as defined by the Governmental Accounting Standards Board (GASB). The following is a summary of the significant accounting and reporting policies of the District:

#### ***Reporting Entity***

The accompanying government-wide financial statements present the financial statements of the District. There are no component units that are legally separate entities for which the District is considered to be financially accountable. Accountability is defined as the District's substantive appointment of the voting majority of the component unit's governing board. Furthermore, to be financially accountable, the District must be able to impose its will upon the component unit or there must be a possibility that the component unit may provide specific financial benefits to, or impose specific financial burdens on, the District.

#### ***Government-Wide and Fund Financial Statements***

In accordance with required reporting standards, the District reports its financial activities as a special-purpose government. Special-purpose governments are governmental entities which engage in a single governmental program, such as the provision of water, wastewater, drainage and other related services. The financial statements of special-purpose governments combine two types of financial statements into one statement. These two types of financial statements are the government-wide financial statements and the fund financial statements. The fund financial statements are presented with a column for adjustments to convert to the government-wide financial statements.

The government-wide financial statements report information on all of the activities of the District. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Governmental activities generally are financed through taxes, charges for services and intergovernmental revenues. The statement of activities reflects the revenues and expenses of the District.

The fund financial statements provide information about the District's governmental funds. Separate statements for each governmental fund are presented. The emphasis of fund financial statements is directed to specific activities of the District.

The District presents the following major governmental funds:

**General Fund** – The general fund is the primary operating fund of the District which accounts for all financial resources not accounted for in another fund. Revenues are derived primarily from property taxes, charges for services and interest income.

# **Harris County Municipal Utility District No. 248**

## **Notes to Financial Statements**

**March 31, 2025**

---

***Debt Service Fund*** – The debt service fund is used to account for financial resources that are restricted, committed or assigned to expenditures for principal and interest related costs, as well as the financial resources being accumulated for future debt service.

***Capital Projects Fund*** – The capital projects fund is used to account for financial resources that are restricted, committed or assigned to expenditures for capital outlays.

### ***Fund Balances – Governmental Funds***

The fund balances for the District's governmental funds can be displayed in up to five components:

***Nonspendable*** – Amounts that are not in a spendable form or are required to be maintained intact.

***Restricted*** – Amounts that can be spent only for the specific purposes stipulated by external resource providers, constitutionally or through enabling legislation. Restrictions may be changed or lifted only with the consent of resource providers.

***Committed*** – Amounts that can be used only for the specific purposes determined by resolution of the Board. Commitments may be changed or lifted only by issuance of a resolution by the District's Board.

***Assigned*** – Amounts intended to be used by the District for specific purposes as determined by management. In governmental funds other than the general fund, assigned fund balance represents the amount that is not restricted or committed. This indicates that resources in other governmental funds are, at a minimum, intended to be used for the purpose of that fund.

***Unassigned*** – The residual classification for the general fund and includes all amounts not contained in the other classifications.

The District considers restricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. The District applies committed amounts first, followed by assigned amounts, and then unassigned amounts when an expenditure is incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

### ***Measurement Focus and Basis of Accounting***

#### ***Government-Wide Financial Statements***

The government-wide financial statements are reported using the economic resources measurement focus and accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of the timing of related cash flows.

Nonexchange transactions, in which the District receives (or gives) value without directly giving (or receiving) equal value in exchange, include property taxes and donations. Recognition standards are based on the characteristics and classes of nonexchange transactions. Revenues from property taxes are recognized in the period for which the taxes are levied. Donations are recognized as revenues, net of estimated uncollectible amounts, as soon as all eligibility requirements imposed by the provider have been met. Amounts received before all eligibility requirements have been met are reported as liabilities. Intergovernmental revenues are recognized as revenues, net of estimated refunds and uncollectible amounts, in the accounting period when an enforceable legal claim to the assets arises and the use of resources is required or is first permitted.

# **Harris County Municipal Utility District No. 249**

## **Notes to Financial Statements**

**March 31, 2025**

---

### ***Fund Financial Statements***

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, only current assets and liabilities are generally included on the balance sheet. The statement of governmental funds revenues, expenditures and changes in fund balances presents increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in spendable resources. General capital asset acquisitions are reported as expenditures and proceeds of long-term debt are reported as other financing sources. Under the modified accrual basis of accounting, revenues are recognized when both measurable and available. The District considers revenues reported in the governmental funds to be available if they are collectible within 60 days after year-end. Principal revenue sources considered susceptible to accrual include taxes, charges for services and investment income. Other revenues are considered to be measurable and available only when cash is received by the District. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, which are recognized as expenditures when payment is due.

### ***Deferred Outflows and Inflows of Resources***

A deferred outflow of resources is a consumption of net position that is applicable to a future reporting period and a deferred inflow of resources is an acquisition of net position that is applicable to a future reporting period.

### ***Interfund Transactions***

Transfers from one fund to another fund are reported as interfund receivables and payables if there is intent to repay the amount and if there is the ability to repay the advance on a timely basis. Transfers represent legally authorized transfers from the fund receiving resources to the fund through which the resources are to be expended.

### ***Pension Costs***

The District does not participate in a pension plan and, therefore, has no pension costs.

### ***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and deferred inflows and outflows of resources and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses/expenditures during the reporting period. Actual results could differ from those estimates.

### ***Investments and Investment Income***

Investments in certificates of deposit, U.S. Government and agency securities, and certain pooled funds, which have a remaining maturity of one year or less at the date of purchase, are recorded at amortized cost. All other investments are carried at fair value. Fair value is determined using quoted market values.

Investment income includes dividends and interest income and the net change for the year in the fair value of investments carried at fair value. Investment income is credited to the fund in which the investment is recorded.

### ***Property Taxes***

An appraisal district annually prepares appraisal records listing all property within the District and the appraised value of each parcel or item as of January 1. Additionally, on January 1, a tax lien attaches to property to secure the payment of all taxes, penalty and interest ultimately imposed for the year on the property. After the District receives its certified appraisal roll from the appraisal district, the rates of taxation for both the District as a whole

# **Harris County Municipal Utility District No. 248**

## **Notes to Financial Statements**

**March 31, 2025**

---

and land within the Defined Area are set by the Board of the District based upon the aggregate appraisal value. Taxes are due and payable October 1 or when billed, whichever is later, and become delinquent after January 31 of the following year.

In the governmental funds, property taxes are initially recorded as receivables and deferred inflows of resources at the time the tax levy is billed. Revenues recognized during the fiscal year ended March 31, 2025, include collections during the current period or within 60 days of year-end related to the 2024 and prior years' tax levies.

In the government-wide statement of net position, property taxes are considered earned in the budget year for which they are levied. For the District's fiscal year ended March 31, 2025, the 2024 tax levy is considered earned during the current fiscal year. In addition to property taxes levied, any delinquent taxes are recorded net of amounts considered uncollectible.

### **Capital Assets**

Capital assets, which include property, plant, equipment and infrastructure, are reported in the government-wide financial statements. Capital assets are defined by the District as assets with an individual cost of \$5,000 or more and an estimated useful life of two years or more. Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated capital assets are recorded at their estimated acquisition value at the date of donation.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset lives are not capitalized.

Harris County assumes the maintenance and other incidents of ownership of road and certain stormwater facilities constructed by the District. Accordingly, these assets are not recorded in the financial statements of the District.

Capital assets are depreciated using the straight-line method over their estimated useful lives as follows:

	<b>Years</b>
Water production and distribution facilities	10-45
Wastewater collection and treatment facilities	10-45
Parks and recreational facilities	10-30

### **Deferred Amount on Debt Refundings**

In the government-wide financial statements, the difference between the reacquisition price and the net carrying amount of the old debt in a debt refunding is deferred and amortized to interest expense using the effective interest rate method over the remaining life of the old debt or the life of the new debt, whichever is shorter. Such amounts are classified as deferred outflows or inflows of resources.

### **Debt Issuance Costs**

Debt issuance costs, other than prepaid insurance, do not meet the definition of an asset or deferred outflows of resources since the costs are not applicable to a future period and, therefore, are recognized as an expense/expenditure in the period incurred.

# **Harris County Municipal Utility District No. 248**

## **Notes to Financial Statements**

**March 31, 2025**

---

### ***Long-Term Obligations***

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities. Premiums and discounts on bonds are recognized as a component of long-term liabilities and amortized over the life of the related debt using the effective interest rate method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize premiums and discounts on bonds during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

### ***Net Position/Fund Balances***

Fund balances and net position are reported as restricted when constraints placed on them are either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or are imposed by law through constitutional provisions or enabling legislation.

When both restricted and unrestricted resources are available for use, generally, it is the District's policy to use restricted resources first.

### ***Reconciliation of Government-Wide and Fund Financial Statements***

Amounts reported for net position of governmental activities in the statement of net position and fund balances in the governmental funds balance sheet are different because:

Capital assets used in governmental activities are not financial resources and are not reported in the funds.	\$ 15,157,581
---	---------------

Property tax revenue recognition and the related reduction of deferred inflows of resources are subject to availability of funds in the fund financial statements.	200,196
--	---------

Penalty and interest on delinquent taxes is not receivable in the current period and is not reported in the funds.	28,825
--	--------

Deferred amount on debt refundings for governmental activities are not financial resources and are not reported in the funds.	372,064
---	---------

Accrued interest on long-term liabilities is not payable with current financial resources and is not reported in the funds.	(68,647)
---	----------

Long-term debt obligations are not due and payable in the current period and are not reported in the funds.	<u>(20,957,437)</u>
---	---------------------

Adjustment to fund balances to arrive at net position.	<u>\$ (5,267,418)</u>
--	-----------------------

Amounts reported for change in net position of governmental activities in the statement of activities are different from change in fund balances in the governmental funds statement of revenues, expenditures and changes in fund balances because of the items on the following page.

# Harris County Municipal Utility District No. 249

## Notes to Financial Statements

March 31, 2025

---

Change in fund balances.	\$ 591,325
Governmental funds report capital outlays as expenditures. However, for government-wide financial statements, the cost of capitalized assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay expenditures exceeded depreciation expense and noncapitalized costs in the current period.	365,315
Governmental funds report principal payments on debt as expenditures. For the statement of activities, these transactions do not have any effect on net position.	1,400,000
Net revenues collected in the current year, which have previously been reported in the statement of activities, are reported as revenues in the governmental funds.	(5,124)
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	<u>(66,760)</u>
Change in net position of governmental activities.	<u>\$ 2,284,756</u>

## Note 2. Deposits, Investments and Investment Income

### ***Deposits***

Custodial credit risk is the risk that, in the event of a bank failure, a government's deposits may not be returned to it. The District's deposit policy for custodial credit risk requires compliance with the provisions of state law.

State law requires collateralization of all deposits with federal depository insurance; a surety bond; bonds and other obligations of the U.S. Treasury, U.S. agencies or instrumentalities of the State of Texas; or certain collateralized mortgage obligations directly issued by a federal agency or instrumentality of the United States, the underlying security for which is guaranteed by an agency or instrumentality of the United States.

At March 31, 2025, none of the District's bank balances were exposed to custodial credit risk.

### ***Investments***

The District may legally invest in obligations of the United States or its agencies and instrumentalities, direct obligations of Texas or its agencies or instrumentalities, collateralized mortgage obligations directly issued by a federal agency or instrumentality of the United States, the underlying security for which is guaranteed by an agency or instrumentality of the United States, other obligations guaranteed as to principal and interest by the State of Texas or the United States or their agencies and instrumentalities, including obligations that are fully guaranteed or insured by the Federal Deposit Insurance Corporation or by the explicit full faith and credit of the United States, obligations of states, agencies and counties and other political subdivisions with an investment rating not less than "A," insured or collateralized certificates of deposit, and certain bankers' acceptances, repurchase agreements, mutual funds, commercial paper, guaranteed investment contracts and investment pools.

**Harris County Municipal Utility District No. 249**  
**Notes to Financial Statements**  
**March 31, 2025**

---

The District's investment policy may be more restrictive than the Public Funds Investment Act.

The District invests in TexPool, an external investment pool that is not registered with the Securities and Exchange Commission. The State Comptroller of Public Accounts of the State of Texas has oversight of TexPool. The District reports its investment in TexPool at amortized cost.

At March 31, 2025, the District had the following investments and maturities:

Type	Amortized Cost	Maturities in Years			More Than 10
		Less Than 1	1-5	6-10	
TexPool	\$ 11,216,037	\$ 11,216,037	\$ -	\$ -	\$ -

**Interest Rate Risk.** As a means of limiting its exposure to fair value losses arising from rising interest rates, the District's investment policy does not allow investments in certain mortgage-backed securities, collateralized mortgage obligations with a final maturity date in excess of 10 years and interest rate indexed collateralized mortgage obligations. The external investment pool is presented as an investment with a maturity of less than one year because it is redeemable in full immediately.

**Credit Risk.** Credit risk is the risk that the issuer or other counterparty to an investment will not fulfill its obligations. At March 31, 2025, the District's investment in TexPool was rated "AAAm" by Standard & Poor's.

### ***Summary of Carrying Values***

The carrying values of deposits and investments shown previously are included in the balance sheet at March 31, 2025, as follows:

Carrying value:	
Deposits	\$ 1,108,501
Investments	<u>11,216,037</u>
Total	<u>\$ 12,324,538</u>

Included in the following statement of net position captions:

Cash	\$ 623,501
Certificates of deposit	485,000
Short-term investments	<u>11,216,037</u>
Total	<u>\$ 12,324,538</u>

### ***Investment Income***

Investment income of \$494,655 for the year ended March 31, 2025, consisted of interest income.

### **Note 3. Capital Assets**

A summary of changes in capital assets for the year ended March 31, 2025, is presented below.

**Harris County Municipal Utility District No. 248**  
**Notes to Financial Statements**  
**March 31, 2025**

<b>Governmental Activities</b>	<b>Balances, Beginning of Year</b>	<b>Additions</b>	<b>Balances, End of Year</b>

**March 31, 2025**

---

**Annual Debt Service Requirements**

The following schedule shows the annual debt service requirements to pay principal and interest on general obligation and direct placement bonds outstanding at March 31, 2025:

Year	General Obligation Bonds		Direct Placement Bonds		Total
	Principal	Interest	Principal	Interest	
2026	\$ 385,000	\$ 355,632	\$ 1,075,000	\$ 135,292	\$ 1,950,924
2027	400,000	342,176	1,105,000	109,981	1,957,157
2028	425,000	327,682	1,145,000	83,856	1,981,538
2029	440,000	313,219	1,185,000	56,802	1,995,021
2030	465,000	298,457	905,000	32,515	1,700,972
2031-2035	2,705,000	1,233,774	945,000	10,994	4,894,768
2036-2040	1,590,000	792,394	-	-	2,382,394
2041-2045	1,500,000	466,939	-	-	1,966,939
2046-2049	1,095,000	84,125	-	-	1,179,125
Total	\$ 9,005,000	\$ 4,214,398	\$ 6,360,000	\$ 429,440	\$ 20,008,838

The above bonds are payable from the proceeds of an ad valorem tax levied upon all taxable property within the District subject to taxation, without limitation as to rate or amount.

Bonds voted	\$ 49,970,000
Bonds sold	33,980,000
Refunding bonds voted	14,970,000
Refunding bonds authorization issued	5,545,000

The following schedule shows the annual debt service requirements to pay principal and interest on Defined Area general obligation bonds outstanding at March 31, 2025:

Year	Defined Area General Obligation Bonds		
	Principal	Interest	Total
2026	\$ 115,000	\$ 311,338	\$ 426,338
2027	120,000	306,050	426,050
2028	130,000	300,100	430,100
2029	140,000	293,350	433,350
2030	145,000	286,225	431,225
2031-2035	875,000	1,308,625	2,183,625
2036-2040	1,165,000	1,048,106	2,213,106
2041-2045	1,560,000	680,862	2,240,862
2046-2049	1,620,000	190,969	1,810,969
Total	\$ 5,870,000	\$ 4,725,625	\$ 10,595,625

The Defined Area bonds are payable from the proceeds of an ad valorem tax levied upon all taxable property within the Defined Area of the District subject to taxation, without limitation as to rate or amount.

# **Harris County Municipal Utility District No. 248**

## **Notes to Financial Statements**

**March 31, 2025**

---

Defined Area road facilities bonds voted	\$ 11,700,000
Defined Area road facilities bonds sold	5,870,000
Defined Area road facilities refunding bonds voted	11,700,000

### **Note 5. Significant Bond Order and Commission Requirements**

(A) The Bond Orders require that the District levy and collect an ad valorem debt service tax sufficient to pay interest and principal on bonds when due. During the year ended March 31, 2025, the District levied an ad valorem debt service tax on all taxable property within the District at the rate of \$0.2000 per \$100 of assessed valuation, which resulted in a tax levy of \$1,704,935 on the taxable valuation of \$852,467,351 for the 2024 tax year. The interest and principal requirements to be paid from the tax revenues and available resources are \$1,969,842 of which \$254,921 has been paid and \$1,714,921 is due September 1, 2025.

(B) The Defined Area Road Bond Order requires that the District levy and collect an ad valorem road debt service tax sufficient to pay interest and principal on bonds when due. During the year ended March 31, 2025, the District levied an ad valorem road debt service tax on all taxable property within the Defined Area of the District at the rate of \$0.3600 per \$100 of assessed valuation, which resulted in a tax levy of \$441,823 on the taxable valuation of \$122,728,713 for the 2024 tax year. The interest requirements to be paid from the tax revenues and available resources are \$428,925 of which \$156,962 has been paid and \$271,963 is due September 1, 2025.

(C) The Bond Orders state that so long as any of the bonds or coupons remain outstanding, the District covenants that it will at all times keep insured such parts of the system as are customarily insured by municipal corporations and political subdivisions in Texas operating like properties in similar locations under the same circumstances with a responsible insurance company or companies against risk, accidents, or casualties against which and to the extent insurance is customarily carried by such municipal corporations and political subdivisions; provided, however, that at any time while any contractor engaged in construction work shall be fully responsible therefore, the District shall not be required to carry such insurance. At March 31, 2025, the District had real and personal property insurance in the amount of \$1,540,000 and general and pollution liability insurance with an aggregate limit of \$3,000,000 each.

(D) In accordance with the Series 2023 Defined Area Road Bond Order, a portion of the bond proceeds was deposited into the debt service fund and reserved for the payment of bond interest during the construction period. This bond interest reserve is reduced as interest is paid. The bond interest reserve balance of \$246,780 was fully utilized in the current year.

### **Note 6. Maintenance Taxes**

At an election held November 6, 1984, voters authorized a maintenance tax not to exceed \$1.00 per \$100 of assessed valuation on all property within the District subject to taxation. During the year ended March 31, 2025, the District levied an ad valorem maintenance tax at the rate of \$0.1850 per \$100 of assessed valuation, which resulted in a tax levy of \$1,577,064 on the taxable valuation of \$852,467,351 for the 2024 tax year. The maintenance tax is being used by the general fund to pay expenditures of operating the District.

At an election held on November 3, 2020, voters authorized a maintenance tax not to exceed \$0.25 per \$100 of assessed valuation on all property within the Defined Area of the District subject to taxation. During the year ended March 31, 2025, the District did not levy an ad valorem maintenance tax for the Defined Area for the 2024

**March 31, 2025**

---

tax year. The maintenance tax will be used for the operation and maintenance of services, improvements and facilities, including roads and associated facilities, within the Defined Area.

### **Note 7. Strategic Partnership Agreement**

Effective June 18, 2004, and amended December 13, 2010, the District and the City entered into a Strategic Partnership Agreement (the Agreement) under which the City annexed a tract of land (the tract) within the boundaries of the District for limited purposes. The District continues to exercise all powers and functions of a municipal utility district as provided by law. As consideration for the District providing services as detailed in the Agreement, the City agrees to remit one-half of all sales and use tax revenues generated within the boundaries of the tract. As consideration for the sales tax payments and the services provided by the City, the District agrees to continue to provide and develop water, sewer and drainage services within the District in lieu of full-purpose annexation. The City agrees it will not annex the District for full purposes or commence any action to annex the District during the term of the Agreement, which is 30 years. During the current year, the District recorded \$419,428 in revenues related to the Agreement.

### **Note 8. Contracts With Other Districts**

#### ***Permanent Wastewater Treatment Service***

On November 16, 1983, the District's landowners entered into a contract for financing, construction and operation of regional waste treatment facilities with Harris County Fresh Water Supply District No. 61 (District No. 61), which was assigned to the District on June 27, 1984. The contract has subsequently been amended. Under the terms of the contract, District No. 61 is the owner and operator of the facilities and the participants are beneficial owners to the extent of their right to use their reserved capacity in the facilities. Construction costs are shared based on each participant's pro rata share of the capacity being constructed at the time. During a prior year, the Phase II expansion of the facility was completed. The District acquired 125,000 gallons-per-day (gpd) of capacity in association with this expansion. Sewer usage charges incurred by the District totaled \$431,377 during the current year, based on costs budgeted by District No. 61.

On September 25, 2002, the District entered into a contract to purchase up to 126,000 gpd of additional wastewater treatment capacity from District No. 61 for \$2.76 per gpd. Payments were to be made in installments, upon completion of the District's pending annexation of the specific property to be served by the additional capacity. On March 12, 2003, the District entered into another contract with District No. 61 under which the District agreed to purchase up to an additional 114,750 gpd at a price of \$2.76 per gpd, as development progresses within the District, but no later than December 31, 2007. During prior years, the District purchased 1,646 equivalent single-family connections (ESFCs) for a total of \$1,000,536, which were partially funded by developer advances.

On September 9, 2009, the District purchased an additional 850 ESFCs from District No. 61 for \$934,290 funded by the Series 2009 bond sale.

On June 10, 2020, the District and District No. 61 amended the wastewater treatment contract to allow the District to purchase an additional 110 ESFCs from District No. 61 for \$2,500 per ESFC. The contract also provides the District the option to purchase an additional 366 ESFCs in capacity. The purchase price for the additional ESFCs is \$2,500 per ESFC plus all costs relating to the design and construction of any expansion of the regional waste treatment facilities. The purchase of the additional capacity is to be made in 100 ESFC increments with the final 66 ESFCs purchased in one increment. During a prior year, the District purchased 110 ESFCs from District No. 61 for a total of \$275,000 funded by developer advances.

## **Harris County Municipal Utility District No. 248**

### **Notes to Financial Statements**

**March 31, 2025**

---

#### ***Permanent Water Supply***

On August 30, 2000, the District entered into a water supply contract with District No. 61, as amended, whereby the District, for \$500,000, purchased capacity in the existing District No. 61 water supply facilities sufficient to serve 400 ESFCs. Under a second amendment to the contract dated March 12, 2003, the District has the option to purchase capacity to serve an additional 850 ESFCs, in no less than 100 connection increments, for \$1,250 per ESFC, but no later than December 31, 2009. During prior years, the District purchased 1,650 ESFCs for \$1,437,500, which were partially funded by developer advances. On September 9, 2009, the District purchased an additional 850 ESFCs from District No. 61 for \$1,062,500 funded by the Series 2009 bond sale.

On February 12, 2020, the District and District No. 61 entered into a Water Supply Agreement for the purchase of additional water capacity in District No. 61's water supply facilities. This agreement supersedes the August 30, 2000, water supply contract and all amendments. Under the agreement, in addition to the 2,500 ESFCs previously purchased, the District agrees to purchase 116 ESFCs for \$2,500 per ESFC. The District also has the option to purchase up to 356 ESFCs in additional capacity, in no less than 100 connection increments, for \$2,500 per ESFC, but no later than December 31, 2029. During a prior year, the District purchased 116 ESFCs from District No. 61 for a total of \$290,000 funded by developer advances. The rate for water supplied per the agreement was \$0.79 per 1,000 gallons and is subject to adjustment once each year on January 1, by 100% of the increase of the most recently published Consumer Price Index, unless such option to increase is not exercised by District No. 61. As of March 31, 2025, the rate for water supplied per the agreement was \$0.850. During the current year, the District incurred water usage charges of \$126,501.

#### **Note 9. Regional Water Authority**

The District is within the boundaries of the North Harris County Regional Water Authority (the Authority), which was created by the Texas Legislature. The Authority was created to provide a regional entity to acquire surface water and build the necessary facilities to convert from groundwater to surface water in order to meet conversion requirements mandated by the Harris-Galveston Subsidence District, which regulates groundwater withdrawal. As of March 31, 2025, the Authority was billing District No. 61 \$2.60 per 1,000 gallons of water pumped from its wells and sold to the District.

#### **Note 10. Risk Management**

The District is exposed to various risks of loss related to torts; theft of damage to and destruction of assets; errors and omissions; and natural disasters for which the District carries commercial insurance. The District has not significantly reduced insurance coverage or had settlements which exceeded coverage amounts in the past three fiscal years.

***Budgets and Budgetary Accounting***

An annual operating budget is prepared for the general fund by the District's consultants. The budget reflects resources expected to be received during the year and expenditures expected to be incurred. The Board of Directors is required to adopt the budget prior to the start of its fiscal year. The budget is not a spending limitation (a legally restricted appropriation). The original budget of the general fund was not amended during fiscal 2025.

The District prepares its annual operating budget on a basis consistent with accounting principles generally accepted in the United States of America. The Budgetary Comparison Schedule - General Fund presents the original and revised budget amounts, if revised, compared to the actual amounts of revenues and expenditures for the current year.

<input type="checkbox"/> Solid Waste/Garbage	<input type="checkbox"/> Flood Control	<input checked="" type="checkbox"/> Roads**
<input type="checkbox"/> Participates in joint venture, regional system and/or wastewater service (other than emergency interconnect)		
<input type="checkbox"/> Other		

2. Retail service providers

a. Retail rates for a 5/8" meter (or equivalent):

	<b>Minimum Charge</b>	<b>Minimum Usage</b>	<b>Flat Rate Y/N</b>	<b>Rate Per 1,000 Gallons Over Minimum</b>		<b>Usage Levels</b>
				<b>Water:</b>	<b>Wastewater:</b>	
Water:	\$ 8.00	4,000	N	\$ 2.125	\$ 2.250	4,001 to 10,000
				\$ 2.500		10,001 to 20,000
						20,001 to No Limit
Wastewater:	\$ 7.00	4,000	N	\$ 1.75		4,001 to No Limit
Regional water fee:	\$ 2.60	1	N	\$ 2.60		1 to No Limit

Surcharge: 0.50% of bill

Does the District employ winter averaging for wastewater usage?

Yes  No

Total charges per 10,000 gallons usage (including fees): Water \$ 46.75 Wastewater \$ 17.50

b. Water and wastewater retail connections:

<b>Meter Size</b>	<b>Total Connections</b>	<b>Active Connections</b>	<b>ESFC Factor</b>	<b>Active ESFC*</b>
Unmetered	-	-	x1.0	-
≤ 3/4"	677	656	x1.0	656
1"	27	26	x2.5	65
1 1/2"	14	14	x5.0	70
2"	47	47	x8.0	376
3"	1	1	x15.0	15
4"	5	5	x25.0	125
6"	2	2	x50.0	100
8"	-	-	x80.0	-
10"	-	-	x115.0	-
Total water	773	751		1,407
Total wastewater	752	752	x1.0	752

3. Total water consumption (in thousands) during the fiscal year:

Gallons pumped into the system:	156,490
Gallons billed to customers:	159,209
Water accountability ratio (gallons billed/gallons pumped):	101.74%

\*\*ESFC" means equivalent single-family connections
